

ARB Electrical Wholesalers Lockdown Contact Details

Dear Valued Customer,

We hope you are keeping well and safe through these challenging times.

Whilst we navigate these unprecedented times as best we can, we would like to inform you that in accordance with the national lockdown announced by President Cyril Ramaphosa, all ARB branches will be closed during the lockdown period from Thursday 26 March 2020 at 17:00 until Friday 17 April 2020 at 07:00.

Please note we will have teams available to support all of our customers on pricing and technical related queries.

ARB has been classified as a service provider to essential services. Despatching of stock will only be available for those customers who are supporting businesses classified as essential services as well as our customers who have themselves been classified as an essential service. No branches will have staff operating from them during this period and all despatching will be on a call-out basis.

Customers may be asked to prove that the products purchased are in fact required for an essential service.

Please find the contact details below for our Branches:
